

NOTEBOOK
PAGE SET FOR
JOHNNY
TREMAIN

***Notebook pages designed to be used in conjunction
with the study guide by Total Language Plus**

Whether you are new to the world of notebooking or an old pro: we hope you will find these pages an enhancement to your time studying Johnny Tremain by Esher Forbes.

What is notebooking? It's a creative way of keeping all your assignments in a notebook. This can be done on plain notebook paper doing the enhancing yourself, or as in the case of these pages starting with some prompts, layouts and a hint of structure.

How to use these pages- You will find a table of contents that directs you to the pages intended to be used with various Projects. On the Table of Contents or the note page itself you will also find the occasional link to a website. This is to help get you started on your research. Please note all links were in working order at the time of publication. Publisher and author are in no way responsible for links, or information on them at any time. Please use at your own discretion.

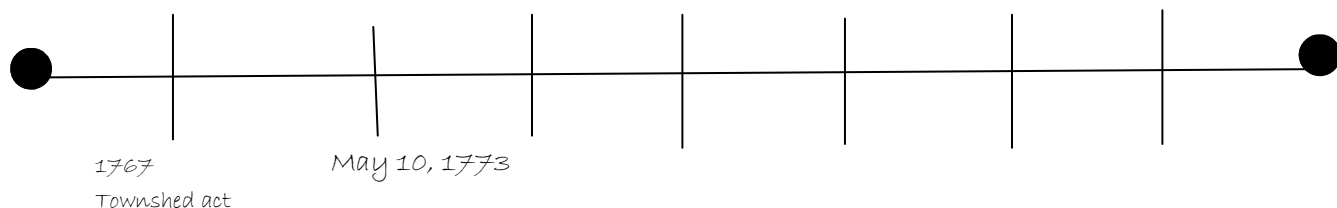

Can pages be copied? Author gives permission for original customer to reproduce note pages for their own personal use within their own immediate family.

What do I write? We purposely have not give "examples" as there is no right or wrong answer. Just fill it in however you would like. For instance, if you are doing the timeline page you might fill in the dates of different events leading up to the Boston tea party on the "timeline" and then under it on the blank lines explain each event.

Something like this....

Event _____ Boston Tea Party _____

Dates

1767 Townshed act placed taxes on many items in the colonies including tea.

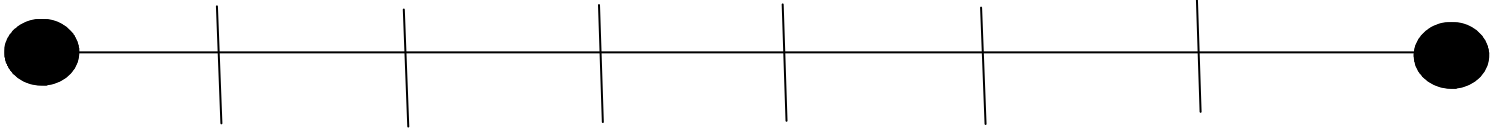

May 10, 1773 British East India Company given a monopoly on tea in the colonies. This was the catalyst.

Finishing Suggestions

You may want to simply gather all the pages you have done from this packet, along with any other work (pictures, papers etc....) and either staple them together or 3 hole punch them and place in a binder. Another fun way to finish off your notebook is to bind your pages using a binder. We've used the Proclick binder on many projects and recommend the "finished" look it gives your

work. http://www.amazon.com/GBC-ProClick-Desktop-Binding-Machine/dp/B00006IAS3/ref=sr_1_1?ie=UTF8&qid=1435254539&sr=8-1&keywords=proclick+binder

Be sure to share your "published" work with family and friends and keep it as a memory of your time spent studying Johnny Tremain.
